

Absolute 48 Coupé - Summer Stock Clearance! Saving \$405,000

Absolute 48 Coupé - Summer Stock Clearance!

ABSOLUTE INTRODUCES 'GREEN' COUPÉ RANGE

The new [Absolute 48 Coupé](#), a 14-m Absolute boat, is here - the first of the new coupé range, complimenting the successful Flybridge and Navetta boat range. 'Sustainable motorboats,

completely “Made in Italy” and designed for maximum livability on board.’ The 48 Coupé offers total luxury in two ensuites and three comfortable and spacious cabins with high ceilings and large comfortable beds—providing unparalleled livability for yachts of this size! The saloon offers uninterrupted 360-degree views. Moreover, the windows can be electrically opened, letting in the sea breeze and creating a pleasant, natural air recirculation. A door from the helm station provides quick and easy access to the outside. Solar panels in the roof help reduce the need for generator use. The aft galley provides an excellent connection to the spacious cockpit, where cockpit furniture can be arranged in any configuration to suit, adapting to the different needs onboard. Equipped with two Volvo Penta IPS 650 engines, the Coupé range feeds on the green attitude that characterises Absolute with extreme innovation and cutting-edge solutions for a lower environmental impact. This boat offers life on board in total relaxation, with its very high standards in design and performance. It is a sustainable cruiser with a very high standard throughout.
