Absolute Navetta 48 - The Compact Luxury Yacht 2019

2019 Absolute Navetta 48 / GREAT PRICE with LOW ENGINE HOURS - Spacious and light! Space and light merge into a single concept: the real protagonist aboard the **Navetta 48**. With this yacht, **Absolute** has captured the essence of the Navetta line. This comfortable boat is perfect for long journeys: she has ample storage spaces, such as large closets, and an aft crew cabin with a private head that is accessible from the stern platform. The outdoor space is unparalleled compared to similar boats in this segment. It offers a very high level of livability and comfort throughout the exterior accommodations. The flybridge has no steps front to aft while the dashboard, centrally and ergonomically placed, allows for the presence of a sun lounger that can accommodate up to five people. Aft on the bridge is a spacious living area with a U-shaped sofa, a teak dining table, and a galley equipped with a refrigerator, an ice maker, a barbecue, and a sink. All of these amenities make the terrace the perfect spot to enjoy the most beautiful hours of the day. Moreover, the bow is easily accessible via walkways, protected by the cover of the fly itself,

and offers a comfortable, modular relaxation area. **Endless views** The lower deck has three cabins, two heads, and four sliding doors that maximize livability. All cabins have ample windows for unparalleled, panoramic views. The master cabin is raised and placed transversely to the bow. This main suite represents the result of meticulous and unbiased engineering, covering a remarkable surface for yachts of this size. Its large double bed has plenty of room at the sides and the ceilings are considerably high. The furniture includes a large closet, as well as a vanity area, with a seat and a desk. Additionally, the head is en-suite and has a separate full shower. The half-beam VIP cabin has all of the same features as the master one but is placed aft. The third guest double cabin has separate berths, while the fourth cabin, placed aft, can accommodate an extra guest or crew.
