ELEGANCE AND FUNCTIONALITY

This planning Navetta is characterized by her robust but harmonious appearance, with a huge upper deck and wide glass windows. Inside the main living room, you can experience a 360-degree view and enjoy much higher livability than on similar-size boats. The steering position is ergonomic and panoramic, with a leather-covered steering wheel and the possibility of having two driving seats. EmpirBus automation technology is integrated into the dashboard and is directly accessible from the bridge. The lower deck accommodates three cabins—two doubles and one twin—and two bathrooms. Moreover, the crew can be equipped with a bed and a bathroom, accessible from the stern platform.
