

Benetti Tradition 100

Benetti Tradition 100

One of the best, if not THE best, Benetti Tradition 100 available today. One-Owner from new, designed specifically by him and his team to create a light, airy and luxurious surrounding perfect for private or charter cruising. Immaculately maintained with continuous investment, the yacht has also benefited from the stable crew over the years who have taken as much pride in her as the owner. Presenting as a 'little ship' in every sense she belies her length. Perhaps the standout features are the spacious main salon, exceptional master suite and the unparalleled bridge deck. Difficult to really pinpoint one feature as they are all so good and make her a joy to behold.
