Clipper Cordova 60 Series II Sold by YFG

New layout and lifted Déishes herald a new era for Clipper The Cordova 60 is one of the prettiest boats in today's Clipper Déet. It's got a balanced motor yacht line, rather than that the 'clunkiness' of a trawler, and now the Series II version has something else. This is a new-generation Clipper with a more practical layout by way of a big aft galley and hopper window, single-level salon and helm deck, plus lifted Dé and contemporary Déish. These things help put the traditional Clipper marque in front of today's luxury-Motoryacht buyers. There's still the semi-displacement hull that Clipper espouses for economical passage making and a get-out-of-trouble fast clip of 20 knots-plus. But if you like to mix up your motor cruising with some entertaining, this new Series II Cordova 60 is for you

General

Year:	2015
Price:	\$1,900,000
Additional Charges:	None
Boat Type:	Power
Hull Type:	Semi Displacement
Location:	Auckland
Engine/Fuel:	Diesel
Hull Material:	GRP
