Excess 12 Take delivery in Europe and Sail it home. Has been recently reduced.

The Excess 12 adopts a marked chine and a pronounced deck sheer, creating unique lines. Her twin helm stations, located aft, offer maximum sensations and create a more seamanlike concept that brings us closer to the sea. The light and precise helm and the opening bimini are reminiscent of the pleasures of helming a monohull. The cockpit of this boat is bathed in light thanks to its opening roof. On the outside, there is the usual trampoline between the hulls, great for sunbathing, and a large exterior table. The hulls have a large volume with a three-double cabin. With her completely new lines for the coachroof, a short nacelle and the taller Pulse Line rig, the Excess 12 brings fresh air to the world of cruising catamarans!
