

## Lagoon 620 2012

An imposing, very manageable 62-footer comes the flagship from the French yard. Designed by the architects Van Peteghem and Lauriot Prévost (VPLP) in association with the Lagoon R&D department, the Lagoon 620 is an innovative solution to the needs of today's cruising yachtsman - strength, comfort, performance. Today 90 Lagoon 620s are sailing in the world. This version of the Lagoon 620, with leather interior, makes her an even more luxurious and comfortable yacht. Sporting a spacious cockpit for alfresco dining with overhang for weather protection, and an equally large flybridge deck she is easy to love.

## General

---

Year:	2012
