

Selene 60 Ocean Explorer Two in build for YFG

Description

This brand new Selene 60 Ocean Expedition is the smallest vessel of the Selene Expedition line. At first look, the Selene 60 Ocean Expedition by Guido de Groot shows a number of the Selene family traits with her powerful raised pilothouse, Portuguese bridge, and bulbous bow. But a contemporary twist is also apparent in the addition of the large side windows in the hull....
